

STUDENT STORIES OF CLIMATE CHANGE

Pre-Visit Activity:
Before Presentation Day-1

More in depth Pre-visit, Interstitial, and Post-visit activities are being developed for release in Fall 2024.

These questions can be completed either as an individual assignment or as part of a classroom discussion.

Question 1:

Do you believe in human caused global Climate Change? Why or why not?

Question 2:

Where does your current information and opinion about Climate Change come from?

Question 3:

How is Climate Change affecting you now? How might Climate Change affect you, your family, and your community in the future?

Question 4:

Currently, which countries or regions around the world do you think are most affected by Climate Change, and why?

Question 5:

Do you feel that wealthier countries have an obligation to help developing countries deal with the effects of Climate Change, why or why not?

Question 6:

Do you believe there is a single scientific consensus when it comes to Climate Change, why or why not?
